RE: Reclamation of Site Flat Top Mine, Michael J. Skopes,
ACT/015/019, Emery County, Utah
_{#5}

Mr. John Blake, State Lands, was contacted by telephone on January 17, 1985 to determine the status of reclamation on the Flat Top Mine in Emery County.

Our files show that the operation had been abandoned and a \$5,287.00 bond was forfeited during May, 1982. Pam Grubaug-Littig, Reclamation Engineer, visited the site in August, 1982 and wrote a follow up letter to State Lands which outlined the reclamation measures which could be accomplished with the bond money.

According to Mr. Blake, the bond had been used during November, 1983 to seal the mine portals and complete some of the backfilling and grading on the site. No reseeding was done. The site should be visited to document the work completed.
